- ✦ A collection notice arrived for a military healthcare service
- ✦ Your referral was lost, denied, or never processed by your PCM
- ✦ You received a surprise out-of-network bill after 2022
- ✦ You're Active Duty and were billed for MTF care (should be \$0)
- ✦ You're overwhelmed, confused, and don't know where to start

THIS IS NOT FOR YOU IF:

- ✗ You need legal representation — consult a JAG officer for legal proceedings
- ✗ You want someone to do the work for you — this is a self-advocacy system
- ✗ Your bill is verified correct and within your stated cost-share
- ✗ You are outside the TRICARE / VA / military healthcare system entirely

COMMON QUESTIONS — ANSWERED

"Is this legal?"

Every template cites specific federal law — 32 CFR, FDCPA, HIPAA, No Surprises Act. **You are enforcing rights that already exist.** This is not a workaround.

"Do I need a lawyer?"

Not for administrative disputes. JAG attorneys handle legal proceedings. **These templates handle billing disputes** — a different lane entirely.

"What if the bill is legitimate?"

The Diagnostic Logic Tree routes you there. **If the charge is valid, this system confirms that too** — before you spend time disputing the wrong thing.

"Will this damage my provider relationship?"

Federal compliance letters are professional, not aggressive. **You are exercising a legal right** — not making a personal attack on anyone.

"I'm not good with paperwork."

Every bracket is labeled. The logic tree tells you exactly which template to use. **Copy, fill the brackets, send certified mail.** That's the entire process.

"What if they don't respond?"

Non-response within 30 days is itself a federal violation under 32 CFR § 199.10. **Template 2A includes a Stay of Collection clause** for exactly this scenario.

BAMC / SAMMC STATEMENT AUDIT

5-point checklist for auditing Statements of Service from San Antonio military hospitals. Complete before paying or responding to any MTF billing statement. Check each point — flag any that don't clear.

01 VERIFY BILLING ENTITY

Confirm the billing entity on the statement is a legitimate MTF — BAMC, SAMMC, 59th Medical Wing, or Fort Sam Houston facility.

⚠ RED FLAG: If billed by a third-party collection agency or civilian billing company, this requires immediate escalation.

MTF billing is processed through DFAS or the TRICARE contractor — NOT through civilian debt collectors. Third-party collections on MTF charges constitute a potential violation.

ACTION IF FLAGGED

If flagged: Request original Statement of Service directly from BAMC Patient Administration Division (PAD) before acknowledging any third-party claim. Do not pay the third party.

02 CONFIRM DEERS ENROLLMENT STATUS

Verify DEERS enrollment was active and correct on the date of service. Coverage tier determines cost-share — or zero cost.

03 VERIFY CPT CODE CLASSIFICATION

Request full itemized statement with CPT codes. Cross-reference each code against TRICARE allowable charges and coverage tier.

04 CONFIRM REFERRAL CHAIN INTEGRITY

For any service beyond primary care — verify the complete referral chain from PCM through TRICARE authorization to provider.

**05****CONFIRM NO DUPLICATE BILLING ACROSS SYSTEMS**

Veterans receiving care across MTF + VA Community Care + civilian TRICARE are high risk for duplicate billing — same service billed multiple times.
